156 Confirmation of Minutes for:-

156.1 The Second Monthly Meeting on Tuesday 29th May 2018 were RESOLVED to be approved.

Matters Arising

157 Members were joined by Paul Davies AM to discuss the following matters:

Mr Davies thanked members for allowing him to attend the meeting and expressed his commitment to supporting the City Council, and that he would be happy to report back any pressing issues to both the Assembly and Welsh Government.

157.1 Withybush Hospital

Mr Davies confirmed that he was opposed to all three of the proposals as each of the options would downgrade Withybush by reducing the A & E service. Whilst the majority of patients accept that they have to travel for specialist treatment, travelling long distances for emergency care is unacceptable and dangerous. Mr Davies questioned whether building a brand new hospital was financially realistic and stated that the WAG had not confirmed that they would fund any of the options contained in the consultation document. The west is disproportionately affected by the proposed changes. The consultation document does not specify what services would be included in a community hospital and Hywel Dda has a bad track record for down grading services before building new ones e.g. SCBU at Whithybush was closed in 2014 and despite promises to the contrary, new facilities at Glangwili have still not been built. Prior to the consultation, Whithybush was recruiting staff members successfully but was now experiencing difficulty owing to the uncertainty surrounding the provision of services. Mr Davies advised the Council to complete and submit the consultation document outlining their concerns and opposition to the proposals.

157.2 Loss of the banks in St Davids

Mr Davies informed members that as a former bank Manager he was very disappointed that local branches were closing. Despite the recent loss of Barclays, there was no indication that Lloyds was to close. Mr Davies stated that it would have an extremely detrimental impact on small businesses needing change and the elderly who may be less inclined to use online banking,

and he felt that the banks should take some sort of moral responsibility for the well-being of their customers.

157.3 Parking issues at St Justinians

Mr Davies confirmed that he was extremely disappointed with the attitude of some PCNPA officers but that he was committed to working closely with the PBOA to try and overcome the parking difficulties. Cllr Price informed Mr Davies that the boat operators were very anxious about the parking problems that they would encounter in July and August having experienced chaos during the Easter holidays having to rely on the 28 day rule, as opposed to a permanent car park. Cllr Griffiths expressed his frustration that a Premier Inn Hotel had recently been granted planning permission while a car park had been refused. The Clerk informed Mr Davies that in previous years, the City Council had managed a seasonal green field car park in the lower field now owned by the RNLI and confirmed that she would send Mr Davies the relevant information together with a copy of the City Council's comments and recommendations regarding the LPD Deposit Plan.

157.4 Sewage issues at Porthclais

The Mayor informed Mr Davies that the current sewerage facilities at Porthclais could not accommodate additional development in St Davids and was already struggling to cope in the height of the season with a foul smell permeating Porthclais and the surrounding area. The Clerk confirmed that the City Council's support for the development on Glasfryn Road was conditional on the sewage treatment works being upgraded prior to the site being developed and that the Council had recently received a dossier of historical information from residents at Porthclais regarding the problem associated with the current facilities, including sewage leaking into the harbour. Mr Davies confirmed that he would endorse the City Council recommendation and urge Dwr Cyru to implement the improvements as soon as possible.

157.5 Brown tourist directional signs for St Davids

Cllr Price expressed disappointment that a brown tourist sign to St Davids could not be installed on the trunk road. Mr Davies assured the Council that he would investigate the matter.

It was RESOLVED to contact Solva Community Council in order to emulate the free bag scheme where small quantities of waste bags were distributed to various venues in the hope of encouraging dog owners to pick up their animal's poop.
- 163 TRAFFIC MATTERS**
 163.1 Meeting date for Parking Working Group to be arranged. It was RESOLVED to establish the viability of utilising a green field on Caerfai Road as a seasonal car park.
 163.2 The Clerk confirmed that traffic bollards have now been installed on the grass verge adjacent to Ffynnon Feiddog on the Whitesands Road.
